

Appendix 1 – Carsington Pastures Wind Farm Fund Application Form

Name of Applicant: Carsington and Hopton Parish Council

Project Title: Hopton Defibrillator Project

Contact Details: Craig Southway, 01629 540752, craig.southway@redtogreenconsulting.com
 The Cottage, Mining Lane, Carsington, Matlock, Derbyshire. DE4 4PL.

Purpose of the project (tick all that apply):

- Conservation, protection and improvement of the built and natural environment
- Provision of facilities for recreation, entertainment, arts and sports
- Advancement of education for residents in conservation protection and improvement of the built and natural environment
- Advancement of education for residents in renewable energy
- Promotion of sustainable development
- Rural re-generation and improvement of public amenities or sites of historic or archaeological interest
- Alleviation of fuel poverty

Is the project (tick all that apply):

- Within the physical boundary of Carsington and Hopton Parish;
- For the direct benefit of the Parishioners of Carsington and Hopton.

Brief Description of Project

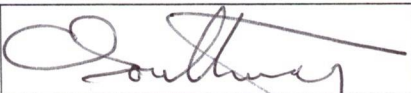

Until recently the long term desire to have a defibrillator in Hopton has been prevented due to there being no readily available power supply to warm the cabinet. During the annual defibrillator familiarisation session we were advised that there are now defibrillators that do not require a power supply and are not affected by the cold. Therefore, we are proposing to install a second defibrillator within the Parish so as to reduce the maximum distance people are from one.

Currently we are working on an estimate based on the previous installation and this will be firmed up. We are looking for 50% funding to a maximum of £600 net of VAT as this is recoverable.

How will the success of the project be measured?

Reduced travel distance for a significant number of residents to their nearest defibrillator and bringing a larger number of residents within the recommended 200m proximity to a defibrillator.

Project Costs:	Cost of materials, labour and services	£ 1200.00 (net of VAT)
	VAT	£ 240.00
	Total Project Cost	£ 1440.00 (inc VAT)
	Is the applicant able to recharge or recover VAT?	Yes
	Grant Request (include VAT only if the answer above is no)	£ 600.00
