Brief Description of Project

This project is aimed at improving the walls of the 'old' village green both for aesthetic reasons (to be more in keeping with the quality of the walls on the 'new' green) and to prevent deterioration and collapse in the longer term. The Parish Council has already received quotes for the work and secured other grant funding to support this project.

How will the success of the project be measured? The walls will have been successfully replaced to the satisfaction of Highways and the Planning Authority.
